

Lance Townsend presents grant to Kids Kare president Brent Cletheroe

\$3100 to Kids Kare Center towards the building of an equipment shed

Active Living All Year Round

Funded in part by the John T Richardson and Townsend Family Funds, Kids Kare Centre received \$3100 towards the Building of an equipment shed. At the annual Gala on April 11, Lance Townsend presented the cheque to Kids Kare president Brent Cletheroe.

Kids Kare Center is a nonprofit daycare center that provides vital programs to our community. Their goal this year is to provide access to exercise equipment all year round and to utilize their large play yard and structures already in existence to provide a daily activity program according to the Canadian Physical Activity Guide. As storage is an ongoing issue, the shed will give them space to securely store equipment and playground accessories.

For more information on Kids Kare Center and the programs they provide, call 250-992-1000.
