

City Councillor Ed Coleman presents grant to Rae Daggitt from Senior Centre

\$2050 to Quesnel & District Senior Centre for restoration of the back door entrance

Clearing the Way

Funded in part by the John & Gloria Lazzarin Fund, the Quesnel & District Senior Centre received \$2050 for renovations of the back door entrance. At the annual Gala on April 11, Councilor Ed Coleman presented the cheque to QDSC volunteer Rae Daggitt.

The Quesnel Senior Centre currently provides a gathering place for seniors in the Quesnel and District area. It provides recreational, educational and cultural activities such as computer instruction, bridge days, canasta days, Sunday breakfasts, line dancing, dinner functions at certain times of the year, a drama club and pool nights.

The goal of this project is to create a safe entrance to the kitchen facility. Currently the step is subject to ice buildup during the winter which creates a dangerous situation. This entrance is currently not wheelchair friendly. The new entrance will provide a safer, more accessible entrance to the kitchen for all members of the community.
